

GERALD JAMESON COSTALES

09615292544 | costalesg4@gmail.com

1 Lisbon St. Vista Verde North, Caloocan City

CAREER OBJECTIVES

Motivated and technically curious graduating student seeking a position in the **Software Development Engineer Bootcamp**. Eager to apply academic training in programming, problem-solving, and software development while gaining hands-on industry experience through intensive full-time training.

EDUCATIONS

Bachelor of Science in Information Technology

Our Lady of Fatima University

2021 - 2026

Accountancy, Business and Management

Our Lady of Fatima University

Senior High School

2019 - 2021

TECHNICAL SKILLS

Programming: HTML, CSS, JavaScript, Kotlin, Java, Typescript, Angular, XML

Databases: MongoDB Atlas, Firebase Realtime DB (basic)

Tools : Visual Studio Code, Android Studio, Git/Github

Mobile Development: Basic Native Android (Java & Kotlin)

PROJECTS

AquaBite: Automated Smart Feeder with Data Analytics (*Capstone Project*)

- Developed a mobile application using Java to monitor sensor data (pH, temperature, turbidity).
- Integrated data transmission via Wi-Fi using ESP32 and displayed analytics within the app.
- Implemented Firebase for real-time data storage and retrieval.
- Worked with hardware sensors and microcontroller programming.

Chirpabet – Educational App (Kotlin, TTS)

- Developed an interactive educational mobile app called Chirpabet using Kotlin.
- Displays an image of an animal, and when tapped, the app speaks the animal's name and plays the sound it makes.
- Integrated Android's Text-to-Speech (TTS) engine and audio playback.
- Designed for children, focusing on simple UI, clarity, and engaging learning.
